imported fertilizers to the handling agents at pool issue price (i.e. the statutory price minus dealers' margin), minus the handling charges including inland freight to which the handling agents were entitled. The agents in turn had an obligation to sell fertilizers at notified prices.

Following decontrol of these fetilizers, it bcecame necessary for the Govrnment to recover the full cost of the cargo as the agents were free to sell the stocks with them at market price. This had to be done in respect of stocks of imported fertilizers already with the handling agents (cither in their godowns or in the transit or wharf or in the ship-holds), as well as in vessels under clearance or which were yet to arrive from out of contracts entered into prior to the date of decontrol. The various elements of cost to be recovered from handling agents in respect of imported fertilizers included the purchase price as also the estimated pre-berthing. demurrage. No distinction was made between foreign and Indian vessels for this purpose. A precise estimate of total demurrage involved is not possible at this stage.

Production and Import of Bulk Drugs

*249. SHRIMATI SATYA BAHIN:
SHRI RAJNI RANJAN SAHU:

Will the PRIME MINISTER be pleased to state:

(a) what are the names of bulk drugs being manufactured in the country after the announcement of the Drug Policy, 1986;

(b) what are the names of the producers of each drug and what is the stage from which is being produced;

(c) whether any of these drugs are being imported, if so, the names of the companies, which are producing and marketing formulations based on imported bulk drugs;

(d) what are the names of imported formulations being marketed after the announcement of Drug Policy 1986 and what are the names of companies marketing those formulations and what is the present price of each; and

(e) what are the names of imported formulations under price control and when and what price was fixed for each?

THE MINISTER OF STATE IN THE MINISTRY OF CHEMICALS AND FERTILIZERS (SHRI CHINTA MOHAN): (a) and (b) The names of bulk drugs alongwith starting stages and their producers, for which industrial approvals have been given after the announcement of the Drug Policy, 1986 to the extent available, are given in Statement I.

Progress of Industrial units after the New Industrial, Policy

*250. SHRI ANANTRAY DEVSHANKER DAVE: Will the PRIME MINISTER be pleased to state:

(a) what are the progress reports of large/medium/and small-scale industrial units after enforcement of the new industrial policy;

(b) what is the development growth rate of industry in the last one year; -

(c) whether most of the industrial units have been encouraged by the new industrial policy; and

(d) what are the future prospects *of* Indian industry in international market?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRY (DEPARTMENT OF INDUSTRIAL DEVELOPMENT) (SHRIMATI KRISHNA SAHI): (a) and (b) According to the index of industrial production compiled by Central Statistical Organisation, the overall rate of growth of industrial production during 1991-92 was 0.3 per cent. In the current financial year the figures available upto July, 1992, show an overall growth of 2.1 per cent during April-July, 1992 over the corresponding period a year ago. The small scale sector as a whole, registered a rate of growth of 3 per cent during 1991-92.

(c) Industrial prospects after the new Industrial Policy are very encouraging as per details given below.
